Exploring began as a senior program in early Boy Scout troops. These older boys carried out high-adventure activities and service projects, and gave leadership to young Scouts. In 1935, senior Scouts were called Explorers for the first time, and many were organized in separate Exploring crews in troops, using a senior Scout program.

Project Mercury was the first human spaceflight program of the United States, running from 1958 through 1963. An early highlight of the Space Race, its goal was to put a man into Earth orbit and return him safely, ideally before the Soviet Union. Taken over from the US Air Force by the newly created civilian space agency NASA, it conducted twenty uncrewed developmental flights (some using ...
