During the last downturn, I lost about 35% of my net worth in about six months. I don't plan on doing that again. I want to share how we can make lots of money during the next downturn, which is happening right now in 2020. Losing 35% is not as bad as the S&P 500 losing ~60% during its worst period, but it still hurt like hell due to the speed and absolute dollar amount of the loss.
